Comments:

NOTES:

Surface restoration, including pavement markings, of street/alley shall match existing surface type unless otherwise approved.

All improvements or facilities shall be installed according to City Standards, Specifications, and Municipal Codes.

It is understood that any permit granted virtue of this request is revocable at the pleasure of the City at any time and for any reason.

The undersigned assumes all obligations for the proper maintenance of the facility to be installed and agrees to indemnify and hold the City harmless in the construction, operation and maintenance thereof.

The undersigned agrees to observe all requirements of Chapter 12.05.070 and 12.05.220, as amended, of Evansville Municipal Ordinance Code, and to comply with the conditions set forth by the City Engineer's Office.

Traffic control for construction and maintenance activities in the right-of-way shall conform to and be in accordance with the Indiana Manual of Uniform Traffic Control Devices.

NOTIFY CITY ENGINEER'S OFFICE 24 HOURS PRIOR TO BACKFILL OF CUT FOR INSPECTION.
